

You will notice an increase in your phone bill effective August 1, 2012. On your local phone bill the NAF (network access fee) will increase from \$3.75 to \$4.25 per month. This change was part of the new regulations adopted by the Regulatory Commission of Alaska last year. The increased NAF is replacing costs previously paid through long distance rates.

As part of the new regulations the in-state long distance rates were decreased. This allowed OTZ to lower your long distance rates and also ensured your local cooperative will always be able to meet your telecommunications needs. With the growing importance of the Internet, OTZ remains committed to providing reliable connectivity to our members.
